## **Types of Window Tint/Film**

---

- 1. Solar Control Tint** is designed to minimize solar heat gain, reduce energy costs, and protect against UV damage.

- 2. Privacy Tint** provides privacy to areas such as conference rooms and front doors.

- 3. Decorative Film** enhances the aesthetics of your home or office. The variety of designs includes stained glass, frosted, colored, gradient, and customized.

- 4. Safety and Security Film** reinforces the glass to help prevent break-ins and protects you during natural disasters caused by broken glass.

**We are fully insured, locally owned, woman-owned, & certified as a Small Emerging Business Enterprise.**
